

2021 OREGON VIOGNIER

We produced our first bottling of this wine in 2000, blown away by how pretty the Viognier fruit was we were seeing in the vineyards, and the flavors that burst from the grape when you popped one into your mouth. We love the uniqueness of this white variety and strive to always create a wine showcasing beautiful fruit, and the delicacy and freshness of Oregon's climate.

AVA	KEY VINEYARD	PLANTED	SOIL	ELEVATION	CERTIFICATION
Rogue Valley	Crater View Vineyard	2006	Brader-Debenger loam	1,500 – 1,670 ft.	LIVE, Salmon Safe

2021 VINTAGE

The 2021 growing season started relatively warm and dry, with an early heat event in May. An abnormal cool front in June was followed by a major heat dome leading us into one of the warmest growing seasons on record. Warm temperatures continued throughout the summer and September rains gave the vines the last drink of water before harvest.

TASTING NOTES

Aromas of jasmine and orange blossom mix with white peach and a touch of lemon zest. Warm pear and spice on the palate is complemented by a clean line of acidity that gives this wine weight and balance through the finish.
